Built for accuracy at scale

Our workforce is committed to production turnaround times without compromising quality, and our services are integrated with smart technologies to deliver measurable outcomes for patients and healthcare organizations.

What guides our delivery

- Real-time metrics for workflow, quality control, and reward management.
- Quality standards developed against AHDI guidelines.
- Supports quality assurance, compliance, productivity, and accuracy

AUGUSTUS
HEALTHCARE SOLUTIONS LLC

REVENUE CYCLE MANAGEMENT • CODING • BILLING

Cost-effective healthcare solutions, built to perform.

For health systems, MSOs, TPAs, practices, surgery centers, DSOs, and payors.

Trusted across the healthcare landscape

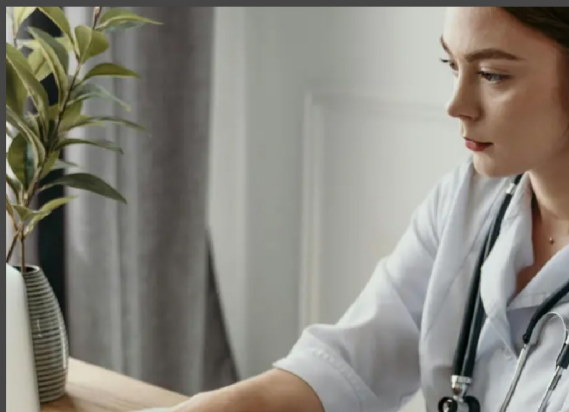

Augustus HCS works with a broad set of healthcare organizations that want to optimize back-office operations, improve efficiency, and reduce costs while maintaining quality.

Who we partner with

- Health systems & hospital networks
- MSOs and TPAs
- Medical practices & surgery centers
- DSOs (dental service organizations)
- Payors

Delivery is built on people, process, and technology.

End-to-end billing & coding, done right

We provide reliable, cost-effective end-to-end medical billing and coding solutions — proficient across most major billing and coding software platforms.

Revenue cycle & billing

- Revenue cycle management & medical billing
- Billing and A/R support

Facility coding

- Inpatient, same-day surgery, observation/outpatient
- Ancillaries, rehab, ED & hospital-based clinics

Physician coding

- E&M, office & preventative visits
- Surgical, diagnostic & consultation services

Two decades of proven performance

For the last two decades, Augustus HCS has delivered customized healthcare solutions built on highly skilled employees and loyal, long-term clients.

What sets us apart

- Credentialed workforce: doctors, RNs, certified PT/OTs & pharmacists
- AHIMA/AAPC-certified coders and CPC-certified billers
- High security & confidentiality standards throughout
- Real-time metrics for workflow and quality control
- PDGM-ready, driving increased reimbursements

HITRUST-aligned security

Certified coding staff
